YELLOW FEVER.

Its Fearful Ravages in the South—The Plague Spreading.

NEW ORLEANS, Sept. 2.—New cases of fever yesterday, 260; deaths, 88. Members of the Visiting Committee report a more general spread of fever, and state that they find it encroaching upon localities heretofore measurably exempt.

The Ancient Order of Hibernians, the Lusitanian Portuguese Benevolent Association, and the German Benevolent Association appeal to similar organizations throughout the country for aid, saying that the distress is pitiful and their resources exhausted. A telegram from Port Gibson, received Saturday, reports 350 cases and 48 deaths and ask for 10 more nurses. Twenty new cases in twelve hours at Canton Miss.

Pensacola, Fla., has established quarantine against Mobile.

MEMPHIS, Sept. 2.—New cases on Saturday, 148; deaths, 77. Yesterday's record shows new cases, 204; deaths 81.

MEMPHIS, Sept. 2.—Reports from along the line of the Memphis and Louisville Railroad state there have been three deaths at Brownsville, and there are 17 cases there. At Milan 20 cases and four deaths. At Withee one case, and at Mason one death. The fever continues to spread among the negroes, whole families being prostrated.

TOM LAWTON.

His Reported Death—Driven Out of the Tules and Shot.

[Sacramento Bee of Monday.]

Considerable excitement prevailed in this city about noon to-day, occasioned by the receipt of a dispatch from Mr. Bloss, the proprietor of a hotel in Merced City, which stated that Tom Lawton, the missing murderer of A. M. Tullis, had been shot and killed near Firebaugh's Ferry, in Fresno county, sixteen miles from Merced and just across the line dividing Fresno and Merced counties. The dispatch stated that the officers had been in pursuit of the man who was killed for some time under the belief that it was Tom Lawton. They surrounded him in the tules near the ferry and succeeded in driving him out of sight. He was then called upon to surrender but instead of so doing he made an effort to resist, and showed fight, whereupon he was shot four times which resulted in his death. The shooting is said to have been done by ex-Sheriff Harry Morse, formerly of Alameda county, but of this fact we are not fully advised.

An effort was made by the Bee to get further and full particulars by special dispatches from Sheriff A. J. Mesny, of Merced county, also from the editor of the Merced City Express, but up to 2:30 p. m. no news had been received of either of them.

J. B. Hume, special detective for Wells, Fargo & Co., has volunteered to go to Merced City this afternoon, if a special engine will be sent down to take him to Stockton, at which place he will take the cars for Merced at 7 o'clock this evening, and will then arrive at Merced at 11 o'clock to-night. He is well and personally acquainted with Lawton, and will go for the purpose of identifying the remains of the man who was shot.

The town of Mickalez, capital of the circle of Barsod, Hungary, has been almost entirely laid waste by a storm. One thousand houses were destroyed by the rainfall. Four hundred corpses have already been recovered and 200 persons are missing. At Erian, about sixty-five miles from Pesth, the river Eger broke through the walls of the town, and whole rows of houses were demolished.

On August 27th the Sultan requested the Czar to check the outrages on Mussulmans in Roumelia. The Czar expressed regret at the anarchy prevailing, but thought the reports must be exaggerated, as the Russian Generals had orders to prevent such acts.

CONDENSED TELEGRAMS.

The insurgents of Turkish regulars are fighting at Trebitze.

President Hayes spent the 1st at his old home, Fremont, Ohio.

The Duchess of Edinburgh has been delivered of a daughter.

A number of radical changes in high Russian official circles are contemplated.

J. Madison Wells has announced that he is an independent candidate for Congress in the Fourth district of Louisiana.

By a collision on the London, Chatham and Dover railway, in England, on the 31st, eight persons were killed and thirty severely injured.

Saturday there were 203 new cases and 10 deaths. Yesterday eight physicians reported 68 new cases and 25 interments at Vicksburg.

On the 31st, in Chicago, 375 petitions in bankruptcy were filed, 394 in New York, over 100 in Cincinnati, and nearly 100 in Cleveland.

At Montreal the Provisional Government has called on the military to aid the civil power in taking possession of the Montreal, Ottawa and Occidental railroad.

Kearney telegraphed from Philadelphia that he was too much fatigued to speak in Baltimore on the 31st as advertised, but said he would be there on the 12th.

The American rifle team of 1878 is composed of W. H. Jackson, C. E. Dwight, J. F. Brown, W. Gerrish, R. Rathboun, J. S. Sumner, H. F. Clark and S. T. Rockwell.

Forest fires extending almost continuously for 160 miles are reported on the north shore of Lake Superior. The fires started at Duluth and spread back of Beaver bay, Grand Maris and Horse Shoe bay.

There was a Chinese row Sunday at Virginia City at 72 Washington street, over the possession of a wash-house, which resulted in a big fight, during which one Chinaman was killed and four others badly cut up.

The Horn of the Ice-Cream Man.

An imitator of our Pompey flourishes in Virginia. The Chronicle tells of him: There is an ice-cream peddler who drives a wagon on B street, and whenever he blows his horn half a dozen people rush out with a big bowl to find him driving off at a dead gallop a block away. The horse runs like a deer the instant the horn toots, and if the horn isn't tooted no customers come out. The expression of the ice-cream man's face, as he looks over his shoulder and sees a dozen women waving their hands while his horse is widening the distance by long leaps, is a study for which Cruikshank would have given ten shares of Sierra Nevada.

Another Unloaded Revolver.

SAN FRANCISCO, September 2.—Yesterday afternoon Frank Hinckle, a German aged about twenty-two years, on employed at Butchertown, called his cousin, Jacob Kister, a blacksmith, who resides with his family on Bryant avenue. During his visit Hinckle and Kister began skylarking together. The latter took a revolver from a drawer and playfully presented it at Hinckle, when it was accidentally discharged, the ball penetrating Hinckle's breast and causing death in a few moments. Kister, who was overwhelmed with grief and astonishment at the fatal result of his foolishness, surrendered himself to the police and was locked up on a charge of murder.

Not to be Found.

THE late Miss B—, of Newtyle, Scotland, was an enthusiastic admirer of the Free Church. Sometime before she died she posted a letter, containing a five-pound bank note, with the following address: "To the Church of Christ, Edinburgh," meaning thereby, of course, her denomination. A few days afterwards the letter was returned to her, with the startling announcement marked on it, "Not to be found."

Coal Oil Kindling.

WHEELING, September 1.—During the absence of Mrs. McGee at church this morning her daughters, aged twelve and ten, and a cousin about the same age, in preparing for dinner, started a fire with coal oil. Result, the oldest child burned to death and the second fatally. The third escaped.

Jesse D. Biglow Acquitted.

EUREKA, Nev., September 2.—The second trial of Jesse D. Biglow, for the killing of Gus Botto, terminated yesterday. The case was given to the jury at midnight Saturday night. At 3 p. m. yesterday they returned a verdict of not guilty, and the prisoner was discharged.

The Constitutional leaders of Spain are debating whether to take part in the approaching elections or not.

A Quandary.

The Eureka Nev., Leader publishes the following and the office is not torn to pieces by indignant people: "A gentleman who was fortunate, or unfortunate enough to be present when the following happened, came to us for advice as to what was the proper thing to do under the circumstances. It happened at a private dinner party, and a Chinese waiter, an awkward fellow, was the cause of the accident. He was bringing on a plate of lump ice, for use in the claret glasses, and reached over the shoulder of a young lady to place it on the table. The female wore a low neck dress, very décolleté, as our French friends would describe it, and a lump slipped off the plate and—disappeared. The question now agitating society is, What ought a gallant gentleman to do? It is rather difficult to answer just now, but if it had transpired a week ago, with the thermometer at 96°, it would have been safe to have left it alone."

A Good Indian Who Still Lives.

[Austin Revelle.]

During the night of the day on which the flood occurred there were many drunken men on Main street. One of them, in drunken recklessness, took a handful of coin from his pocket and threw it on the ground. An Indian standing by gathered up the pieces and offered them to him, but the white man refused the money, and said, "You keep it, Jim, and treat the Indians with it." "All right," replied the Indian, "me keep 'um; give 'um you back when you sober." And the next day he hunted the man up and give him back his money.

Austin Revelle: A poor little boy, without any jacket on, but with a broad patch on the after-neck of his pantaloons, was passing along Main street this morning, when a bold, bad man hailed him and said: "Say, sonny, why's your breeches like a paid bill?" The little innocent only said in reply: "What yer given 'us; taffy!" But the man said it wasn't taffy, but only a conundrum, and the answer was, the reason why the breeches were like a paid bill was because they had been resealed.

A Catholic Hospital Burned.

PORTLAND, September 2.—A dispatch from Vancouver states that St. Joseph hospital, under the charge of the Sisters of Charity, was totally destroyed by fire Sunday afternoon. Nearly everything of value connected with the institution was saved. The loss will not fall short of \$12,000. There was no insurance as far as far known.

EDITORIAL NOTES.

Poor Edith Francis, the Galeniferous poetess, has had another "throbbing head," and been "vowing by the shades of poets dead," to decrease the subscription list of the Gold Hill News. In other words she has been writing some more poetry for that family journal. She says we have "torn into pieces her verse." We never did. If we wanted to tear into pieces your verse, sweet Edith, we should be disappointed, for they do not hold together themselves. The work of a harmonious blacksmith, dear, can not be marred by cruel pens. It needs tongs, sledges, and such. Another mistake, Oh! sweet singer of Galena, in saying that we ever smiled at the pains of your verse. We are never indifferent to pain, and freely admit that you have caused us much agony. We have evinced, and own it frankly, "GAZETTE" does not rhyme with "that," except in cases of extreme poetry, and we question your taste when you call this critic a "king of hell." Eating late at night probably gave you "the hideous dream" from which you awake still pressing your throbbing head, and it will always have that effect. And now, Edith, we are forced to be a little severe with you. We shall quote one of your verses. If that does not convince you, we shall give you over to literary nightmares and billious verse for all time:

The authoress laid aside her desk,
And sought her welcome bed;
And lo! when morning dawned again,
She found that her patience was not in vain,
For the critic—he was dead!

Instead read:
The poet she "weaved" a doubtful rhyme,
And squeezed her "throbbing head;"
And lisped these poems are in vain,
I ne'er will be guilty of such again—
The poet she may make bread.
Take care of your throb.

The San Francisco Chronicle has received some very queer inquiries through the mail and makes queer answers to them.

Red Ranch (Sonoma), August 19th.
EDITOR CHRONICLE: What is generally esteemed to be the best breed of hogs for this climate with reference to economy, particularly in the matter of feed?

From the diversity of the climate it would be difficult to suggest except for special localities. The rutabaga is highly commended for high altitudes, where the soil requires strong rooting powers; while the plain digger will thrive very well in alluvial localities where the worms are prolific, and it will require little feeding. On the general average, however, the biggest hog in the country is the Railroad Company, and that steals the meat it feeds.

"Verbum Sap," of the Carson Tribune, would like to induce us to discuss his personal record and character, under the impression that we would be afflicted with nausea, and a foul stomach. "Verbum" is right in his impression and hence we decline the task. We are satisfied to allow the Deacon full swing because he is known widely as a corrupt absurdity. The old male person, although in his dotage, we hope will live long years yet. He will go down to posterity as the six-legged calf of the Nevada press.

The San Francisco Chronicle sneers at the gentlemen of the South because the challenge one another when they feel that they must shoot. So do we. It is much better to do as De Young did when he hid behind a fence and blazed away at Naphthal, when that unsuspecting person was within four feet of him—and hit a boy on the other side of the street in the leg.

Under the posse comitatus clause in the army law there are serious fights occurring between rival Sheriffs in New Mexico. There is no territorial militia and Gov. Axtell appealed to the government for troops, which appeal has been denied by the Cabinet.

A Miss Davis, from New Orleans, was removed to the City hospital at Cincinnati, last week suffering from yellow fever. Her case was considered very critical. A death from yellow fever is reported at Franklin, Ohio.

Postmaster-General Key and party are at Salt Lake.

SAN FRANCISCO AND ST. LOUIS.

[S. F. Chronicle.]

San Francisco this year will pay about \$3,300,000 in city and State taxes. This is on a cash valuation of \$244,000,000. The State's share is less than \$2,000,000. Our population is probably not in excess of 310,000, if as much 300,000. St. Louis, with a population of 500,000 and a valuation for taxes (at not over 40 per cent. of cash value), \$175,031,130, pays this year \$694,687; leaving for the support of the municipal government, \$1,185,813. The tax per capita for municipal purposes in San Francisco is about \$7.35; in St. Louis, \$2.37. The debt of St. Louis is greater than the debt of San Francisco, and yet the local taxes are more than three times as heavy here as there per capita. The causes of this extraordinary difference are on the surface. San Francisco is grossly misgoverned, and a very large per cent. of the taxes is diverted into channels of waste, extravagance and speculation.

SIMMOND'S NABOB WHISKY.

A GREAT REMEDY.

SIMMOND'S

NABOB

WHISKY.

—FOR—

Indigestion, Dyspepsia and Nerv-
ousness.

The Purest and Best

—FOR ALL—

Medicinal and Family Purposes.

HAS BEEN SOLD IN ALL THE EASTERN STATES AND GIVEN UNIVERSAL
satisfaction. It is highly recommended by the Faculty for all cases of Nervousness,
Weakness, Debility, Dyspepsia, Indigestion, etc.

It is now introduced to the public of the Pacific Slope, endorsed by certificates of the emi-
nent DR. J. HAYES, State Assayer of Massachusetts, and DR. H. C. LOUDERBACK of St.
Louis, Mo., both gentlemen prominent in their profession, and which is a guaranty to all
buyers of its purity and quality.

I can show thousands of letters from private persons, from all parts of the Union and Can-
ada, testifying to its merits and the benefit it has afforded, as a family remedy and tonic.

Dyspepsia is called the national disease of this country, and many reasons why have been
given. It is frequently said that people work too much, eat too fast, sleep too little, tax the
powers of nerve and brain too incessantly, drink too much water, eat too much hot bread,
smoke too much tobacco, give way to too much excitement, and consequently play them-
selves out in the shortest possible time. "A short life and a merry one" seems to be the
sentiment that chiefly influences a large number of persons, but for all that no person feels at
ease when suffering in health. Now, however, much or little truth should be attached to the
opinion of physicians who charge the great prevalence of dyspepsia and nervousness to any
of the causes mentioned, it cannot be denied that there are some applications received by
druggists throughout the country for medicines to relieve and cure stomach and nervous pains
and disorders, and all other maladies that afflict frail humanity. As might be expected under
the circumstances, a large number of specifics to successfully counteract these diseases have
been introduced to the attention of the public, but nearly all of them have failed to do any
good. Whenever, therefore, any alleged new remedial agent is spoken of, very little confi-
dence is felt in it by reason of numerous past disappointments, so that people who are
chronic sufferers from dyspepsia, indigestion, physical weakness, or nervousness almost de-
spaired of being cured. They, however, take too despondent a view of the matter, for those
who have used the celebrated NABOB WHISKY, which can be had from all respectable
druggists and grocers, know by experience that it is a sure remedy for all the maladies re-
ferred to, and that its tonic properties are of the most strengthening character. Many persons
who found it impossible to properly digest a single meal, and whose physique had been sadly
attenuated, have derived immediate benefit from the NABOB WHISKY, and in a short time,
by its regular use, regained all their health and strength. It can be taken with impunity, as
no drugs are incorporated with it, and its healthy action on the human system is at once felt.
The effect which it produces on the organs of the stomach is such as to create a vigorous ap-
petite and render digestion easy, no matter what the habits of the sufferer may be, and it at
the same time steadies the nerves and stimulates the brain. There are no fictitious claims for
the great remedial agent, so that all persons who are troubled with dyspepsia or nervousness
would be false to themselves if they failed to test its curative qualities. Its sale is rapidly on
the increase, and the better it is known the more it is used.

CAUTION—None genuine unless labeled with my signature over the cork.

206, KEARNEY STREET, SAN FRANCISCO.

Established in 1854.

For the Permanent Cure of all Special
and Chronic Diseases, as also all
Female Complaints and
Diseases of the Ner-
vous System.

THE INEXHAUSTIBLE DESTRUCTION OF
human life annually from secret and
chronic diseases, caused this old and reliable
institution to be established, first in Philadel-
phia, Penn., in 1850, and afterwards in San
Francisco, Cal., in 1854, as a private dispens-
ary, in order to afford the afflicted the best
medical and surgical treatment, for the above
and all other affections and complaints. Con-
sultation at the Institute, or by letter, FREE

To the Afflicted:

Dr. L. J. Czapkey would most respectfully
inform the public of the Pacific coast that, at
the earnest solicitation of his numerous
friends, and hundreds of those unfortunately
afflicted with disease, he has reopened his
MEDICAL AND SURGICAL INSTITUTE
and resumed the practice of his profession.
The Doctor would remind all those who are in
need of medical aid, that since relinquishing
his very extensive and successful practice in
San Francisco, he has visited the principal
cities in Europe, inspecting diligently the ex-
perience of the most learned in the profession,
from which he offers to all in need of his
services. Rheumatic affections, chronic
catarrh, diseases of the stomach and kidneys,
liver complaints, etc., successfully treated.
Those who are suffering from the errors and
indiscretions of youth, nervous weakness,
physical and mental debility, are assured of a
permanent cure. Charges moderate. All
communication strictly confidential. Medi-
cines sent by express. Address,

FELLOWS'
Compound Syrup!

—OF—
HYPOPHOSPHITES.

THIS DISCOVERY

Is the result of a series of Scientific Experi-
ments based upon the theory that "for the
successful cure of Wasting Diseases, the ner-
vous system must be made vigorous and
healthy."

One of the first symptoms of disease affect-
ing either the Liver, Lungs, Heart, Stomach,
or Genital Organs, is a loss of nervous power.
This is followed by muscular relaxation, weak-
ness, and enervation of all the organs which
depend upon them for health or involuntary
muscular action, the weaker suffering first.

The inventor, acting upon this idea, that
the muscles and nerves depend upon each
other for efficient strength and action, and
that they must be treated directly in order to
speedily and permanently cure diseases of the
organs which they control, became convinced,
after months of experiment, that no other
preparation produced such potent and direct
effects upon the nervous system as his

Compound Syrup of Hypophosphites

and except in cases of actual organic loss, that
it would restore patients suffering from those
maladies.

Amongst the diseases overcome by the use
of this remedy are the following:

Chronic Constipation,
Chronic Dyspepsia,
Asthma,
Chronic Bronchitis,
Consumption,
Chronic Diarrhea,
Chronic Laryngitis,
Melancholy,
Nervous Debility.

Debility, resulting from Typhoid and other
low fevers, Diphtheritic Prostration, Hysteria,
Hypochondria, Nervous Excitability, Maras-
mus or Wasting of the Muscles, Aphonia or
Loss of Voice, Singleness of the Liver, In-
terrupted and Feeble Action of the Heart,
SUFFOCATING FEELINGS caused by mucous ob-
struction of the Lungs and Air Passages lead-
ing thereto, and Debility from various causes.

Indigestion and habitual Constipation
almost always arise from weakness of the
stomach and nerves of the stomach, and bowels
in such cases, FELLOWS' Compound Syrup of
Hypophosphites has proved itself of the great-
est service by inducing healthy peristaltic
action of the intestines. The evacuations
soon become copious and healthy, without
producing the effect of purgative medicine.

Weakness of the Joints and Muscles, IN-
FIRMITY OF THE BLOOD, and LEVARD WAST-
ING may be cured by attention to the regu-
lar described doses, and by due regard to the
habits of life.

FELLOWS'
Compound Syrup of Hypophosphites

The power of arresting diseases displayed
by this preparation is honorably acknowledged
by the medical faculty of every section of the
world. It will cure all diseases originating
from want of MUSCULAR ACTION and
NERVOUS FORCE.

Sold by all Druggists.

Price \$1.50 per bottle or six bottles for \$7.50
